Subject Re: Smoky Mountain Smelter 

I booked Conference Room 11A from 10:00-12:00 tomorrow (Corner side- Russell Bldg.) I know you were going to try for 10:30am, so anytime around here is good for me.

Subject Smoky Mountain Smelter

Hi Blake,

Are you back in the office?

Any word on ownership of the missing parcels of this site? I also need a complete title search back to the first time it was developed so I can plan what to sample for. I heard there was a fertilizer business there prior to the smelter. I am not sure who I need to follow up with. I still need to get access for a removal assessment there.

Thanks,

Karen
